

Entrepreneurial Champion

**Candace Kendle, PharmD
Chairman and Chief Executive Officer
Kendle International Inc.**

Candace Kendle, PharmD, is Chairman and Chief Executive Officer at Kendle International Inc., one of the world's leading global clinical research organizations (CROs). The company focuses on bringing new life-saving and life-enhancing drugs to market for the benefit of patients worldwide.

Since co-founding Kendle in 1981, she has provided the overall vision and strategy to grow the company from a small consulting business into one of the largest providers of clinical development solutions for the biopharmaceutical industry. Today, Kendle is one of the few truly global CROs, with operations spanning North America, Europe, Asia/Pacific, Latin America and Africa. The company currently operates in 51 locations throughout 28 countries and employs more than 4,000 associates. Kendle is one of only three CROs to derive more than 50 percent of its revenue from outside North America.

In 2008, Kendle was named to the FORTUNE Magazine list of the 100 fastest-growing companies in the United States. The company posted 2008 revenue of \$475.1 million, a 19 percent increase year-over-year.

Dr. Kendle is recognized worldwide as leader in the CRO industry. She is a founding member and past chairperson of the Association of Clinical Research Organizations (ACRO), which fosters continued advancement of medical product development and expedites the introduction of new medicines and new treatments to improve health and save lives. She also is a member of the Committee of 200, an organization of preeminent women entrepreneurs and corporate leaders, and has received numerous civic, financial and pharmaceutical industry leadership awards.
