

C200 Fact Sheet

About C200

Established in 1982, C200 fosters, celebrates and advances women's leadership in business. The organization includes more than 400 of the world's most successful women business leaders, ranging from the C-suite of the world's best-known companies to trailblazing entrepreneurs. Our members have reached the highest levels of leadership and act as role models for the next generation of women who seek to reach the top.

C200 offers its members distinctive programming, an incomparable peer network, and a supportive community. Through targeted outreach and strong support of future leaders, C200 also helps ensure that women will continue to take increasingly significant and visible leadership roles.

Luminary Awards

Each year at C200's Annual Conference, the organization presents *Luminary Awards* to exceptional members in the following three categories:

- "Entrepreneurial Champion" – A woman who has created an innovative new product or service with global implications. This entrepreneur's company must be generating at least \$20 million in annual revenues and experiencing rapid and continuing growth since its launch.
- "Corporate Innovator" – A woman who has changed or dramatically expanded the strategy of her corporation and significantly increased the value of the business. Her company must meet or exceed \$250 million or more in annual revenues.
- "Skills to Succeed Champion" – A woman who has developed a successful program at scale to help people develop skills to build a business.

C200 also will present its first ever STEM Innovator Luminary Award in 2013. The STEM Innovator Luminary Award is presented to an industry leader or innovator in a technology-based business who has exemplified unique vision and success in science, technology, engineering or math-based industries.

The C200 Foundation

In 1987, the organization established The C200 Foundation. Its mission is to channel the power, intellect and expertise of C200 members to support and encourage the development of future women business leaders worldwide. The Foundation inspires thousands of women through day-long *Reachout* programs at business schools and colleges, and grants Scholar Awards to promising graduate business school students. Together, the women of C200 have funded and led 61 *Reachout* programs, benefitting more than 12,000 students at 44 business schools and colleges in the U.S. and abroad. They also have awarded more than \$1.5 million in Scholar Awards.

MBA *Reachouts*: C200 MBA *Reachout* programs seek to provide critical support and advice to women pursuing their MBA degrees. Each year, C200 awards three \$10,000 Scholar Awards to exceptional first-year graduate business school students.

Corporate *Reachouts*: This program enables C200 members to inspire, support and advise high-potential women in select corporate settings. Participating members encourage the students to embrace their individual leadership abilities and to propel their careers forward.
